

The diagram shows a large rectangular container with a thick black border. Inside the container, at the top center, is the text "<name>". On the left side of the container, there are two identical, empty rectangular boxes stacked vertically. These boxes are connected to the top and bottom edges of the container by thin vertical lines. The top line connects the top edge of the container to the top of the first box. The bottom line connects the bottom of the second box to the bottom edge of the container.
